Range Report/Discussions:

BSC – Club Meeting Agenda

New Business

Glenn – looking for service projects for the Scouts. Recondition the flagpole, new rope, paint, clips, and pole along with some landscaping as well. When they do the landscaping need to be aware of the mowing of the grass

Paraplegic hunt, apparently, they harvested approximately 10 to 12 deer last weekend.

Old Business

Steel gongs on the pistol range – AR 500 \$38.87 a piece for 10” steel gongs (3 of them for handgun usage)

Cell phone booster purchased \$341.00 not installed but has been purchased. Probably put this in at the conclusion of hunting season (next closest is 2.9 miles and will amplify the signal for the club). This will accommodate all carriers. Need to install it at a future date. 120 power and the antenna does not need power. Glenn contacted Charter/Spectrum and they did a field evaluation and on 11.2 they finished the eval and \$97.97 a month a business account 200 mb/sec connectivity. Phone is currently \$125.72 a month with Spectrum so we can cancel the phone and get internet. If we wanted to add TV additional or we could live stream shows or the Gun Raffle if desired. May be able to save the club phone # and keep it? Glenn will check on this – straight transfer and goes to the fire panels.

Research on the fobs and the camera system updates. Security cameras through Amazon – no charge and there is no monitoring fee. This may be an option to evaluate at a future date.

6 – 7 pheasant youth hunt, 20 birds and released over the backstop. A few did get away and then were hunted with dogs. 3 birds in remote controlled launchers in the upper field and had the kids hunt that and had the dog work the birds and safely released and hunted them. Showed the kids how to field dress them. Added hot dogs/burgers and chips.

Next Meeting – January 6th @ 7:30 pm

Meeting adjourned @ 8:03 pm
